

HOTR Church Preference Form

Resident's Name: _____

It is the belief of HOTR that healing is aided when we address physical, psychological, social, and spiritual needs. Our founder, Fr. Elwood Cassedy, maintained that the key element of healthy human living is a moral/spiritual component. Thus our program offers this spiritual element. HOTR accepts children of all denominations as well as children that are non-denominational. No particular religion is ever imposed on anyone, but information about religion and spirituality is shared with all under our care. As the parent/guardian, please mark your preference for:
