today for a successful tomorrow.

“Feed My Starving Children”

This past fall, our girls and staff had an amazing opportunity to experience truly meaningful volunteer work and the impact of giving back to others. This is a story about how it changed their lives. Four girls and their social worker volunteered to help “Feed My Starving Children (FMSC)”.

FMSC is a Christian non-profit organization committed to feeding God’s children, hungry in body and spirit. The approach is simple: volunteers handpack meals specially formulated for malnourished children, and the food is sent to partners around the world where they’re used to operate orphanages, schools, clinics and feeding programs to break the cycle of poverty. FMSC food has reached more than 70 countries in its history.

The girls held bake sales to raise money for the project. They raised nearly \$1,000. Then they were able to go to the distribution point and meet other volunteers, but more importantly, package food for starving children. Packaged in small pouches, this easy-to-prepare food blend has won rave reviews all over the world. While the formula was designed to save the lives of severely malnourished and starving children, the ingredients also improve the health, growth and physical well-being of children who are no longer in immediate danger of starvation. A single bag of food - which provides highly nutritious meals for six children - costs around \$1.32 to produce.

These are the comments from the girls who volunteered:

“I had the privilege to support Feed My Starving Children. This experience was absolutely one to remember! From this experience I have learned so much! I never thought that I could have this much of an impact on thousands of lives that are in need of our help. Packaging the food itself was incredible. To be able to work with complete strangers and even though we don’t know each other at all, we can still work as a team, united as one. Getting to know amazing people in a positive community receiving the same mindful observations as myself and being able to share these feelings with others. Leaving that place I felt like I was a different person. Being able to pray as a community for these people was life changing. In that moment nothing else mattered, nothing except for all of those children, and I am truly blessed to be a part of it. It was an amazing experience that shows you a different outlook on life, even if it’s just for a little bit.”

“We raised \$900 / \$.22 (per meal) = 4,091 kids fed! This experience was uplifting. It felt very good to make such a huge impact in feeding starving children, but it felt even better to show my group members how much ability they have to make the world a better place. The real joy was in the glow of their face when they felt the combination of compassion and power. One of my favorite parts was seeing how all of you got involved and showed your support. From every kind word to the monetary contributions you made. I felt your outpouring of love and generosity and tremendous support. The organizers from FMSC said they have never done it in a small community and that is was one of their more successful packing sessions. That says something pretty cool about smalltown rural ND. This project made me feel proud to be part of such a supportive community!”

"Helping out the organization Feed My Starving Children was a wonderful experience & the feeling of integrity during this was even better. Also, just the feeling of knowing you can save many lives of children is great! With the dedication between HOCR & volunteers, it was like the money was endless to support these children. \$900 later...Wow that's amazing! That night I went to sleep feeling accomplished & proud and I hope everyone else did too. My experience was fantastic and for that I say Thank You!"
